Keypoint Intelligence—2022 Buyers Lab
A3 Line of the Year Award
2022-2024 Most Reliable A3 Brand

Canon has earned BLI's prestigious 2022 Copier MFP Line of the Year award.* This validates Canon's strong copier market reputation for offering reliable, easily adaptable systems that can enhance existing workflows.

"Canon has assembled an excellent lineup of A3 MFPs that deliver exceptional performance and have the same well designed touchscreen that boosts productivity even more," said Pete Emory, Director of Research and Lab Services US/Asia at Keypoint Intelligence. "Not only has Canon won big with multiple BLI Winter 2022 A3 Pick Awards and the BLI 2022

A3 Line of the Year Award, the company completed the incredible hat trick by earning the BLI 2022-2024 Most Reliable A3 Brand Award."

The award-winning A3 imageRUNNER ADVANCE MFPs demonstrate Canon's commitment to pursue a unified approach across hardware and software solutions to help enterprise environments optimize their digital workplace transformation. They can also help you meet today's workforce demands of flexibility, customization, and convenience in the office.

Keypoint Intelligence—Buyers Lab 2023
A4 Line of the Year Award

As a result of the strength and span of the company's offering in the A4 market, Canon's MFPs stand out amongst competitors, helping it to receive BLI's 2023 A4 Line of the Year award.

"Canon's BLI Pick Award-winning A4 roster will exceed the needs of virtually all home, hybrid and office environments—whether color or monochrome, single function or multifunction," said Rachel Dean, Technical Editor at Keypoint Intelligence's Office Group. "Canon has the hardware to give people what they need, when they want it, all to make doing work easier."

Committed to developing solutions designed to meet current customer and industry needs, Canon's A4 solutions are built with features to help users as they navigate through the hybrid work environment. Additional components that stood out to Keypoint Intelligence include the line's robust administrative features, security capabilities and strong image quality.

- Recognized for the imageRUNNER ADVANCE Series' expansive set of features and functions for enhancing accessiblity
- Easy-to-access Voluntary Product Accessibility Template (VPAT) for its hardware and software solutions
- Universal Design Guide, an educational resource that outlines the accessibility features of the imageRUNNER ADVANCE product line

Education – Higher Education 2019–2020

- Outstanding portfolio of print devices
- Hardware offerings that go beyond traditional document imaging to satisfy campus and educational needs
- Higher Education Advisory Team research
- Library of marketing and educational content
- Wide-ranging facilities management services educational content

Other Awards and Recognitions

BLI Winter 2021 Outstanding Achievement Award:
Hybrid Scan Technology

Canon U.S.A., Inc. has been recognized for its Hybrid Workplace Scan Technology from Keypoint Intelligence as a result of its robust lineup of single-function scanners and MFPs for both SOHO and office scanning environments. Specific features that helped Canon's lineup of imageFORMULA and ScanFront single-function scanners and imageCLASS MFPs earn this award include the line's distributed document capture capabilities through uniFLOW Online and Therefore Online, security features and ongoing administration of home-based imaging hardware, and ability to automate data entry tasks regardless of location.

BenchmarkPortal Awards 2022 Center of Excellence

The Canon U.S.A., Inc. Technical Support Center has earned the "Center of Excellence" certification from BenchmarkPortal for 14 consecutive years. Contact centers achieved the Center of Excellence distinction based on best-practice metrics drawn from the world's largest database of objective and quantitative data that's audited and validated by researchers from BenchmarkPortal.

To achieve certification as a Center of Excellence, a company must undergo a rigorous benchmarking process, which compares the organization's operational metrics to those of its peers using the world's largest database of contact center metrics. During this process, BenchmarkPortal experts audit and verify key data from the contact center applying for certification.

U.S. EPA ENERGY STAR® Program
2023 Partner of the Year—Sustained Excellence Award

Canon U.S.A., Inc. is a proud recipient of the United States Environmental Protection Agency's 2023 ENERGY STAR® Partner of the Year—Sustained Excellence Award! This award is bestowed upon companies that demonstrated continued leadership in energy efficiency and commitment to the ENERGY STAR® program. Canon has been recognized for the eighth consecutive year for its outstanding contribution to the reduction of greenhouse gas emissions by manufacturing energy-efficient products and educating consumers about energy efficiency.

Homeland Security Awards "ASTORS" Platinum and Silver Awards

Canon U.S.A, Inc. was named by American Security Today (AST) as a winner of two of its 2021 "ASTORS" Homeland Security Awards. These awards recognize mxHero + Canon imageRUNNER ADVANCE MFP as a Platinum Award Winner for "Best Email Security Solution," and Canon's imageRUNNER ADVANCE DX Series + uniFLOW Online + Print via Cloud as a Silver Award Winner for "Best Access Control & Authentication System" — both two years in a row!

"Today, the United States is increasingly focusing on protecting public spaces, as well as IT/cyber security networks, and they are calling on innovative companies like Canon U.S.A., Inc., to help them do so," said Tammy Waitt, co-founder and editorial director, American Security Today. "'ASTORS' nominations are evaluated on their technical innovation, interoperability, specific impact within the category, overall impact to the industry, relatability to other industry technologies, and application feasibility outside of the industry."

Other Awards and Recognitions

Canon was Named a LEADER in IDC MarketScape: Worldwide Security Solutions and Services Hardcopy 2019–2020 Vendor Assessment

This positioning reflects Canon's commitment to preparing customers for the future of work and helping workers protect the print, document, and information ecosystem through an extensive set of solutions and services.

According to IDC, "Organizations should consider Canon when looking for a comprehensive and holistic approach to print and document security, with a focus on process optimization, workflow, and information management."

AMLOS
ACTIVATE MY LINE OF SIGHT

2023 CES Best of Innovation Award

AMLOS (Activate My Line of Sight) has won a 2023 CES Best of Innovation Award in the Software and Mobile Apps category. The AMLOS solution, developed by Canon U.S.A., Inc., is a software-and-camera product suite designed to provide a heightened level of engagement for collaboration across multiple locations using the power of Canon's image processing technology, along with hand gesture controls.

The CES Innovation Awards program is an annual competition honoring outstanding design and engineering in consumer technology products across 28 product categories. Out of 2,100 submissions, hundreds of products were selected as CES 2023 Innovation Honorees. Those rating the highest across each category receive the "Best of Innovation" designation. AMLOS was among only 17 products given this high-level distinction for 2023.

AV Technology Best of InfoComm 2022 Award

This award recognizes products that were created in response to a strong need for products to enable hybrid environments.

Canon U.S.A., Inc. quickly pivoted and created AMLOS, a product not originally on the product roadmap.

BLI Keypoint Intelligence 2023 Outstanding Innovation Award

Canon U.S.A.'s AMLOS solution is the proud recipient of the BLI Keypoint Intelligence 2023 Outstanding Innovation Award for its ability to create equitable, efficient meeting experiences in hybrid working environments.

The award-winning solution allows users to regain body language and other subtle forms of non-verbal communications that are often lost in traditional web conference environments.
