- Support for Hybrid Work
- Output Management Features
- Capture Capabilities
- Cloud Service Integration

"The durability stats rung up by Canon A3 MFPs in the last five years is astounding—plain and simple. Thirty-two devices jammed just six times in close to four-and-a-half million impressions. But what I find to be even more impressive is that there were only two service calls made (of minor variety)."

Pete Emory, DIRECTOR OF RESEARCH & LAB SERVICES US/ASIA AT KEYPOINT INTELLIGENCE
